Your medical plan provides benefits to help with medical costs if you suffer an accidental injury. - Falls are the leading cause of accidental injuries among Americans in almost every age group.¹
- More than 2.6 million children under the age of 19 are treated in emergency departments each year for sports and recreation-related injuries.²

Accident Medical Expense Benefits

No confusing options – just one straightforward insurance plan.

Eligible Issue Ages: 18 through 74. This policy is guaranteed renewable to age 85.

Choose your Annual Benefit Bank (any amount within the range shown below, in **\$100** increments):

Minimum = **\$2,500**

Maximum = **\$15,000 for individuals or \$25,000 for couples/families**

Your Annual Benefit Bank represents the total dollar amount available to you or your family for covered services rendered each calendar year. On Jan. 1 of each year, your Annual Benefit Bank will restore to its full amount. You have the flexibility to choose a Benefit Bank that matches the expected out-of-pocket expenses of your medical plan.

Choose your Annual Deductible

- **\$0**
- OR**
- **\$500** – Once the actual cost of your covered medical services exceeds \$500, you'll start receiving cash benefits for the remaining expenses. Your deductible resets to \$500 on Jan. 1 each year.

How is your Personal Accident benefit payment calculated?

If you receive care within 90 days of a covered accident, simply submit proof of claim for your actual medical and/or recovery expenses. While your medical coverage pays benefits directly to the provider, you can receive cash benefit payouts, minus your deductible (if any) from your Personal Accident Insurance policy. Your Personal Accident benefit payout will be less any adjustments or discounts negotiated between your health insurance plan and providers for services you received.

Example - Individual Personal Accident Benefit Payout

Donna chose a Personal Accident Plan with an **Annual Benefit Bank of \$10,000** and an **Annual Personal Accident Deductible of \$500** to supplement her medical plan. She broke her collar bone while skiing with friends and required immediate medical attention, with reimbursable medical expenses totalling \$8,800.

\$8,800	–	\$500	=	\$8,300

How does the Family Deductible work?

NOTE: The family deductible **ONLY** applies if you select the **\$500 deductible** and your spouse/partner and/or children are covered as dependents on your policy.

The annual deductible for family coverage is **\$1,000** and must be satisfied by two or more covered family members.

Once the \$1,000 family deductible is satisfied, benefits will be eligible for payment for all covered family members for the rest of the calendar year, up to your Annual Benefit Bank amount. Benefits may be paid for a covered family member before the full family deductible is satisfied.

Example - Family Personal Accident Benefit Payout

Dave purchased a policy that includes coverage for his wife, Kim, and their two children to supplement his family's medical plan. He chose a shared **Annual Benefit Bank of \$10,000** and an **annual individual deductible of \$500** for the Personal Accident policy.

In one calendar year, each member of the family suffered an accidental injury, resulting in the benefit payout scenario shown below:

Accidental Injuries	Reimbursable Expenses		Personal Accident Deductible		Personal Accident Benefit Payout
(Dave) - Lacerated finger	\$600	—	\$500	=	\$100
(Kim) - Torn ligament	\$1,400	—	\$500	=	\$900
Annual Personal Accident Family Deductible of \$1,000 is satisfied					
(Michael) - Broken nose	\$3,000	—	\$0	=	\$3,000
(Mandy) - Broken leg	\$8,000	—	\$0	=	\$6,000
