Hospital Indemnity Insurance — WORKSITE

Affordable insurance to assist in your recovery

Your medical plan provides benefits to help with medical costs resulting from an inpatient hospitalization or treatment in an observation unit. Once you leave the hospital, you shouldn't have to worry about financial setbacks that you didn't expect during your recovery. Things like medical deductibles and copayments, plus the cost for help with transportation, meals, child care, or even housekeeping can all add up. Hospital Indemnity Insurance provides cash benefits based on your time in the hospital, regardless of any other insurance you have.

Pair it with your medical plan to extend your protection and help with unexpected costs so you can focus on recovery.

Standard Features

Eligible Issue Ages: 18 through 85. This policy is guaranteed renewable for life.

◆ STEP 1

Daily Benefit Amount*

- **\$200** or **\$300** (no medical questions or build chart)
- Or, choose an amount between **\$310** and **\$900**, in **\$10** increments, with simplified underwriting

◆ STEP 2

Hospital Confinement*

Choose **3, 6, 10** or **21** days

Days reset once out of the hospital 60 days in a row

The Daily Benefit Amount represents the cash benefit payable to you for each day you are confined to a hospital as an inpatient, up to the number of days you select. The Daily Benefit Amount is per covered family member.

** Does not apply to hospital stays resulting from a mental or nervous disorder. See Mental Health Indemnity Benefit below.*

Hospital Confinement Indemnity Benefit:

If you are admitted to a hospital as an inpatient, we will pay you a cash benefit equal to your Daily Benefit Amount for each day of your hospital stay, up to the number of days you select. Multiple hospital stays will accumulate toward your day count. Once you have been out of the hospital for 60 days in a row, your available number of days resets to the number you selected.

HOW IT WORKS:

Sam selects a Daily Benefit Amount of **\$200** and **10 days** per period of confinement. He is later hospitalized for 4 days after back surgery. Upon discharge, Sam's benefit payout will be **\$800**. Sam has 6 days remaining in this period of confinement which will end once he has been out of the hospital for 60 days in a row.

Daily Benefit Amount	X	# of Days in Hospital	=	Sam's Benefit Payout
\$200		4 Days		\$800

Hospital Observation Benefit:

If you receive treatment in an observation unit, we will pay a cash benefit equal to your Daily Benefit Amount, **up to 6 days per calendar year**. On Jan 1 of each year, this benefit resets to 6 days. Observation days count toward your Hospital Confinement days.

HOW IT WORKS:

A month later while walking through the woods, Sam experiences a severe allergic reaction to a plant and is treated in the observation unit of a nearby hospital for for several hours, from mid-morning until 1 a.m. the following day. Sam's benefit payout will be **\$200**. He has 5 observation benefit days remaining for this calendar year, and 5 inpatient hospital days remaining in this period of confinement.

Daily Benefit Amount	X	# of Days in Observation Unit	=	Sam's Benefit Payout
\$200		1 Day		\$200

Mental Health Indemnity Benefit:

If you are admitted to a hospital as an inpatient as the result of a mental or nervous disorder, we will pay a daily cash benefit of **\$150 for up to 7 days per calendar year**.
