# Affordable insurance to assist in your recovery.

Your medical plan provides benefits to help with medical costs resulting from an inpatient hospitalization or treatment in an observation unit. Once you leave the hospital, you shouldn't have to worry about financial setbacks that you didn't expect during your recovery. Things like medical deductibles and copayments, plus the cost for help with transportation, meals, child care, or even housekeeping can all add up. Hospital Indemnity Insurance provides cash benefits based on your time in the hospital, regardless of any other insurance you have.

Pair it with your medical plan to extend your protection and help with unexpected costs so you can focus on recovery.

- **ADULTS AGES 18-64:** Select coverage to help cover your medical plan's deductible and other expenses following a hospital stay.
- **SENIORS AGES 65-85:** Cash benefits can be used to cover your Medicare Advantage hospital copay and help with other out-of-pocket costs.

In 2020, the average cost of a hospital stay in the U.S. was \$18,400 (for adults ages 45-64.)<sup>1</sup>

**Hospital Indemnity Insurance provides CASH BENEFITS directly to you, which can be used to pay your medical deductible and copayments, or anything else needed during your recovery.**

## ◆ STEP 1

**Daily Benefit Amount\*** Choose an amount between **\$100** and **\$900**, in \$10 increments.

## ◆ STEP 2

**Hospital Confinement\*** Choose **3, 6, 10** or **21** days

The Daily Benefit Amount represents the cash benefit payable to you for each day you or a covered family member are confined to a hospital as an inpatient, up to the number of days you select.

*\* Does not apply to hospital stays resulting from a mental or nervous disorder. See Mental Health Indemnity Benefit below.*

### **Hospital Confinement Indemnity Benefit:**

If you are admitted to a hospital as an inpatient, we will pay you a cash benefit equal to your Daily Benefit Amount for each day of your hospital stay, up to the number of days you select. Multiple hospital stays will accumulate toward your day count. Once you have been out of the hospital for 60 days in a row, your available number of days resets to the number you selected. If you exhaust your number of hospital days selected, an additional cash benefit of \$15 per day will be provided - up to a maximum of 31 days per period of confinement.

### **Hospital Observation Benefit:**

If you receive treatment in an observation unit, we will pay a cash benefit equal to your Daily Benefit Amount, **up to 6 days per calendar year**. On Jan 1 of each year, this benefit resets to 6 days. Observation days count toward your Hospital Confinement days.

### **Mental Health Indemnity Benefit:**

If you are admitted to a hospital as an inpatient as the result of a mental or nervous disorder, we will pay a daily cash benefit of **\$150 for up to 7 days per calendar year**.

# How is your Hospital Indemnity benefit calculated?

You will receive a cash benefit payout equal to your Daily Benefit Amount for each day of your hospital stay, up to the number of days you select.
